Vice-President Message:

Dear TWO Members,

I have a mentor that instilled three powerful words into me to push me to my highest achievements in my career: Teach. Mentor. Volunteer. As a member of TWO, I would ask for you to strive for these areas as well, for the reason of paving the way for the next generation of female professionals. If you teach, teach to broaden interest in STEM-related fields, especially to female students. If you mentor, offer advice or ask for input on how to better yourself and your peers. If you volunteer, provide your time to making sure tomorrow is brighter for all female professionals. I will strive to improving membership and awareness of TWO by practicing each of these three areas, and I invite you to join me as we work towards lighting the way for the female professionals that follow us.

Best Regards,

Katie Constant-Coup
Vice-President, TWO
