

TWO DIRECTOR BIO

Ronnette Wynn-Walker has worked for the Federal Aviation Administration for 26 years. I currently serve as the NAVCOM System Support Center (SSC) manager at Hartsfield ATCT. I am responsible for overall administrative and technical direction of the assigned workforce consisting of 12 Airway Transportation System Specialist (ATSS's) and support staff involved in providing NAS services. I also gained experience working in the System Operations Center (SOC), Automation, and Environmental SSCs during my career.

I was the TWO Regional Director for the Greatlakes Region from 2005 - 2020. I participated on board telecons, Regional meetings, functions, and Training Conferences. I kept members informed of activities, job vacancies, special announcements, etc. I am the Membership Committee Chairperson for the Technical Women's Organization since 2011. I prepare and send due reminder letters, work with the Treasurer, assist Regional Directors by sending out new membership packages. Also I'm a member of the National Black Coalition of Federal Aviation Employees (NBCFAE), Professional Women Controllers (PWC), and Federal Aviation Administration Managers Association (FAAMA).

Director Message:

Dear Members,

*I love being your Southern Regional Director for TWO. I promise to continue to lead by example. My goal is to follow the **OUR Mission:** To provide support, increase awareness, promote understanding, and create a climate of advancement for the Technical Professionals supporting Aviation Safety. **OUR Creed:** To increase the number of qualified women in technical careers and to maximize the contribution of technical women in the aviation industry.*
